1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Carolina Water Services, Inc., living in the Hunters Glen Subdivision in Aiken South Carolina.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

The Hunters Glen Subdivision in Aiken receives only water from Carolina Water. Since the last rate increase, about 5 years ago, the inflation rate has been 3% to 5 %, and very low the last two years. Hunters Glen is a small water system (two wells for 70 to 80 homes with capacity for 133 homes per DHEC) and I have seen no major upgrades. Residents have seen only one operator who spends about 30 minutes a day monitoring the system. The rate increase application also indicates no proposed increases in maintenance costs. Per SCDHEC there are no current violations associated with the Hunters Glen Water system. Therefore, it's hard to justify a 80% increase in water rates.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)

Yes
